ANNUAL REPORT

TOP 150 - GENERAL PERFORMANCE RANKING[®] (GPI Ranking[®])

2020 SEASON

General Performance Index[®]

(**GPI: General Performance Index**): *"It is an index that measures the performance that a tennis player has had in a given period of time."* This index, not shown here, is used to make the "**General Performance Ranking[®]**" or **GPI Ranking[®]**".

This index considers, for its calculation, a number of aspects such as the number of played matches and won, the serves, the points won with the serves, the returns, the break points (saved and won) and the tie-breaks. Once the indexes are calculated for a given period of time, i.e. the 2020 season in this case, these indexes (not shown here) are sorted from the highest to the lowest and a performance ranking is established. This ranking is the **General Performance Ranking[®]** or **GPI Ranking[®]**, which is used to order players by performance in the analyzed season. As it already mentioned in other articles, the **WTA Ranking** must not necessarily coincide with the **General Performance Ranking[®]**, in fact, this rarely happens. This **General Performance Ranking[®]**

is very useful because it allows analyzing and quantifying the performance of an athlete in relation to the other players over a period of time.

The best performance of the season has been achieved by the Belgian **Elise Mertens** (BEL), making her the No. 1 in the **General Performance Ranking[®]** or **GPI Ranking[®]** of the 2020 season. The **GPI Ranking[®]** podium is completed by **Elena Rybakina** (KAZ) and **Aryna Sabalenka** (BLR) (Table 2, p.9).

Other players highlighted in the **GPI Ranking[®]** have been **Anett Kontaveit** (EST), **Sofia Kenin** (USA), **Garbiñe Muguruza** (ESP), **Maria Sakkari** (GRE), **Elina Svitolina** (UKR), **Ons Jabeur** (TUN) and **Ekaterina Alexandrova** (RUS) whom complete the **Top 10** of the **GPI Ranking[®]**.

¹ Report elaboration based on data from official Websites:
www.AusOpen.com
www.RolandGarros.com
www.USopen.org
www.WTAtennis.com
www.FedCup.com

² National Tennis Coach (Argentine Tennis Association), Bachelor of Business Administration, Certified Public Accountant, Post grades of Finance Management and Capital Markets, Master of Business Administration (IAE Business School, Austral University, Buenos Aires, Argentina).

The following categories of tournament, which correspond to the 2020 season, have been included for the determination of the **Top 150** of the **General Performance Ranking**[©] or **GPI Ranking**[©]: The tournaments have been developed this year only on hard and clay surfaces.

- **Grand Slams: Australian Open, Roland Garros, US Open.**
- **Fed Cup.**
- **WTA International.**
- **WTA Premier.**
- **WTA Premier 5**
- **WTA 125K Series.**

The **WTA Ranking** of the players, which has been considered for this report, is on Nov 23rd, 2020.

Table 1 shows the variations in the **WTA Ranking** and **GPI Ranking**[©] of the 150 best performing players in the 2020 season. In the **Top 10** of the **GPI Ranking**[©] we observe that **Elena Rybakina, Anett Kontaveit, Garbiñe Muguruza y Ons Jabeur** have been the players who more have advanced (54, 39, 51 and 65 positions, respectively) with respect to the 2019 season. Other players who have

had a great performance and who have advanced in the **GPI Ranking**[©] over the previous season are:

- **Jennifer Brady** (USA): 39 places ↑
- **Victoria Azarenka** (BLR): 35 places ↑
- **Serena Williams** (USA): 47 places ↑
- **Jessica Pegula** (RUS): 60 places ↑
- **Jil TEichmann** (SUI): 57 places ↑
- **Camila Giorgi** (ITA): 56 places ↑

For the rest of players, see table 1, p. 5.

This season we have only 4 players from the **Top 10** of the **WTA Ranking** in the **Top 20** of the **GPI Ranking**[©]. It is evident, that this result is due to the worldwide pandemic known for all of us. We hope so in the 2021 season, these results could be reversed, since it is assumed that the players whom afford the highest **WTA Rankings** should be the ones with the most prominent presence in our **General Performance Ranking**[©] or **GPI Ranking**[©]:

TOTAL MATCHES PLAYED BY SURFACE - SEASON 2020³

Surface	Matches	%
Hard	919	66.8%
Clay	457	33.2%
Total	1,376	100.0%

Tables 1 and 2 summarize all the aspects achieved by the **Top 150** of the **GPI Ranking**[©] in this unforgettable season.

³ The number of matches played per surface in this table, correspond to all the matches played in the 2020 season, not only the played matches by the players included in this report, and come from the tournaments mentioned in previous paragraphs.

TABLE 1
VARIATIONS IN THE TOP 150 - GENERAL PERFORMANCE RANKING[®] (GPI Ranking[®])

 Order by 2020 **GPI Ranking[®]**

 This table shows us the performance (**GPI Ranking[®]**) variation and the **WTA Ranking** of the **Top 150** players who achieved the best performance in the 2020 season.
