## PERFORMANCE OF THE TOP 100 IN STATISTICS – SEASON 2012

This report presents the most relevant statistics of international tennis Top 100 of the South African Airways ATP Rankings for the 2012 season. Includes all tournaments of the official circuit.

The data in Tables 1, 2 and 3 belong "only" to the following tournaments:

Australian Open,  
Roland Garros,  
Wimbledon,  
US Open,  
London Olympic Games and  
Davis Cup.

The reason is that in these tables it shows the winners and unforced errors, fastest 1<sup>st</sup> serve and net points won. The ATP does not publish this information in tournaments and matches.

The rest of the tables, from the Table 4 to the Table 14, the data cover all official tournaments of the ATP (250, 500, 1000 and Barclays), the Grand Slams, London Olympic Games and Davis Cup.
