**2014 SEASON**

Period of analysis: From 30.12.2013 to 18.08.2014

**ATP TOP 100 - STATISTICS OF 2014 SEASON**

Date of Report<sup>1</sup>: 22.08.2014

By Rubén A. Báez<sup>2</sup>

This report sets out relevant performance statistics of the **ATP TOP 100** ranked in each category.

The analysis covers the period from 30.12.2013 to 18.08.2014. For ATP are included the ATP World Tour 250, 500, 1000. For the ITF are included Australian Open, Roland Garros, Wimbledon and the Davis Cup. There are not statistics contemplated for all tournaments classifications including the Grand Slams and ATP challengers.

The tables are presented for each player and the analysts can draw their own conclusions. For example, to analyze the performance of a particular player must take into account all categories of statistics. With this procedure will give a good approximation of the real performance of the player so far in the 2014 season. The statistics about speed serve, winners, unforced errors and net points won are partial so this is the reason that are not published in this report.

**Rankings updated 18.08.2014**
