ATP BY COUNTRIES – STATISTICS OF 2014 SEASON

Statistic report of the countries performance in 2014 Season

INDEX

ATP BY COUNTRIES - Statistics of 2014 season	3
Global statistics - 2013 and 2014 seasons	5

PART 1

Statistics by countries

Tiebreaks	7
Aces	10
Double Faults	13
1 st Serve (Average) - Balls inside the serve zone	16
2 nd Serve (Average) - Balls inside the serve zone	19
1 st Serve Points Won (Average)	22
2 nd Serve Points Won (Average)	25
Break Points Saved	28
1 st Return Points Won (Average)	31
2 nd Return Points Won (Average)	34
Break Points Won	37
Match Time (Hours)	40

PART 2

Players by ranking ordered alphabetically by country

Argentina, Australia, Austria, Belarus, Belgium	44
Bosnia and Herzegovina, Brazil, Bulgaria, Canada, Chile, China, Chinenes Taipei, Colombia	45
Croatia, Cyprus, Czech Republic, Dominican Republic, Egypt, Estonia, Finlad	46
France, Georgia, Germany	47
Great Britain, India, Ireland, Israel, Italy, Japan	48
Kazakhstan, Latvia, Lithuania, Luxembourg, Mexico, Moldova Republic of, Monaco, Morocco, Netherland, New Zealand, Poland	49
Portugal, Qatar, Romania, Russia, Serbia, Slovakia	50
Slovenia, South Africa, Spain, Sweden, Switzerland, Tunisia	51
Turkey, Ukraine, United States, Uruguay, Uzbekistan	52

2014 SEASON

Period of analysis: From January 1st to November 23rd

ATP BY COUNTRIES - STATISTICS OF 2014 SEASON

Date of Report¹: 18.12.2014

By *Rubén A. Báez*²

This report sets out relevant performance statistics that are presented by country of the WTA 2014 season in the same categories that were analyzed for the players in the report already released: [ATP TOP 100 – Statistics of 2014 season \(Updated 24.11.2014\)](#).

The analysis covers the period from January 1st, 2014 to November 23rd, 2014. For ATP are included the ATP World Tour 250, 500, 1000 and the Barclays ATP World Tour Finals. For the ITF are included Australian Open, Roland Garros, Wimbledon, US Open and the Davis Cup. There are not statistics contemplated for all tournaments classifications including the Grand Slams and the others ATP tournaments.

The tables are presented for each player or analyst can draw their own conclusions.

The statistics about winners, unforced errors and net points won are partial so this is the reason that is not published in this report.

Rankings updated 08.12.2014³

¹ Report elaboration based on data from Official Websites of:

www.AustralianOpen.com

www.RolandGarros.com

www.Wimbledon.com

www.USOpen.org

www.ATPWorldTour.com

www.DavisCup.com

² Tennis Instructor (Argentine School of Tennis Instructors, Buenos Aires), Bachelor in Business Administration, Public Accountant, Post grade's degree in Finance Management and Capital Markets, MBA (IAE Business School, Austral University, Argentina).

³ There are some differences in the rankings of some players with regard to the report **ATP TOP 100 - Statistics of 2014 season (Updated to 24.11.2014)**. Probably, due to some adjustments made by the ATP between the 23.11.2014 and 08.12.2014. Inside this report there is an erratum about this issue.

2014 SEASON

Period of analysis: From January 1st to November 23rd

The report is presented in two parts, Part 1 and Part2, displaying the same information but sorted differently for facilitate comprehensive analysis of the statistics of the season 2014. In Part 1, the report presents statistical information in the classic way, but this time instead of the players report presents the performance by "countries" sorting in each category by order of merit or demerit (in the case of double faults).

In Part 2, the report presents statistics from the season 2014, ordered alphabetically by country and within each country exhibit the players, with their statistics, in order of ranking. This information is very useful for analyzing the performance by country and to observe the contribution of each player in the performance of their respective country.

A warning is necessary regarding the calculation of the total averages in both parts, Part 1 and Part 2. The averages percentage calculation of Part 1 of the report are the true averages, that is to say, for computations are considered all data, the total population of data for each country. We are talking of total country average. Instead in Part 2 of the report, in the chart, have not been exhibited total averages percentage (%) in the last row of each country because they are just estimates of the true population values or the true averages displayed in Part 1 of this report. The reason for this discrepancy is purely statistical, in Part 1 all data are taken for the calculation of averages and in the Part 2 only are considered the data in the chart of Part 2 (average of averages).

In summary, Part 1 shows the averages to be considered for each country, while Part 2 illustrates the individual averages to consider for each player and the contribution made to conform to the statistics of each country. The latter can be compared with the previous report released on December 1st, 2014:

www.tennistop10.com/articles/ATPTop100-Season2014_EnglishUpdate.pdf

If you reader want to calculate the average, in Part 2 (Tables), please note mentioned above and only consider it as a good approximation but know that is not the "true" average is an approximated average, is only an acceptable estimation with a statistically non-significant difference in most cases. This will depend on the dispersion of data about their true mean.

Remember that this comment is only for the columns of the Services (1st, 2nd) and Return (1st and 2nd), for the rest of the columns that expose the result in the row "Total" is correct and must match in both Part 1 and Part 2.

As a tip to properly analyze these statistics, I recommend Part 1 to display the performance by country, similar to the report made to the players. Part 2 is more useful to analyze the contribution that each player has made the respective country in the statistics.

2014 SEASON

Period of analysis: From January 1st to November 23rd

GLOBAL STATISTICS – SEASONS 2013 AND 2014⁴

	2013	2014
Total matches played	2,700	2,662
Tiebreaks	1,151	1,256
Aces	32,845	33,938
Double Faults	15,746	15,495
1st Serve In - Balls inside the service zone	60.6%	60.7%
2nd Serve In - Balls inside the service zone	91.8%	91.8%
1st Serve Points Won	71.3%	71.9%
2nd Serve Points Won	50.6%	50.9%
Break Points Saved	60.7%	60.5%
Break Points Won	39.3%	39.5%
1st Return Points Won	28.7%	25.1%
2nd Return Points Won	49.4%	49.1%

⁴ ATP World Tour 250, 500, 1000 and the Barclays ATP World Tour Finals. For the ITF are included Australian Open, Roland Garros, Wimbledon, US Open and the Davis Cup. Again, there are not statistics contemplated for all tournaments classifications including the Grand Slams.
