**WTA TOP 100 - STATISTICS OF 2015 SEASON**

Date of Report¹: 29.08.2015

By *Rubén A. Báez*²

This report sets out relevant performance statistics of the WTA **TOP 100**.

The analysis covers the period from 01.01.2015 to 23.08.2015. For WTA are included the WTA Premier, Premier Mandatory, International and 125k Series. For the ITF are included Australian Open, Roland Garros, Wimbledon and the Fed Cup. There are not statistics contemplated for all tournaments classifications including the Grand Slams and the others WTA tournaments.

The tables are presented for each player and the analysts can draw their own conclusions. For example, to analyze the performance of a particular player must take into account all categories of statistics. With this procedure will give a good approximation of the real performance of the player so far in the 2015 season. The statistics about speed serve, winners, unforced errors and net points won are partial so this is the reason that are not published in this report.
