WTA TOP 100 - STATISTICS OF 2015 SEASON

Date of Report¹: 05.12.2015

By *Rubén A. Báez*²

This report sets out relevant performance statistics of the WTA **TOP 100**. (Ranking updated to 30.11.2015).

The analysis covers the period from 01.01.2015 to 29.11.2015. For WTA are included the WTA Premier, Premier Mandatory, International and 125k Series and the WTA Tour Championships. For the ITF are included Australian Open, Roland Garros, Wimbledon, US Open and the Fed Cup. There are not statistics contemplated for all tournaments classifications including the Grand Slams and the others WTA tournaments.

The tables are presented for each player and the analysts can draw their own conclusions. For example, to analyze the performance of a particular player must take into account all categories of statistics. With this procedure will give a good approximation of the real performance of the player so far in the 2015 season. The statistics about speed serve, winners, unforced errors and net points won are partial (The WTA does not publish them. Only exists some statistics form the Grand Slams and the Fed Cup) so this is the reason that are not published in this report.

This year we have introduced an improvement, we present the same report as before but exposes it by surfaces which will improve the analysis of the players. Anyone interested can display advertising in the reports as they are read by thousands of people around the world of tennis. For any questions or inquiries please communicate to ruben.baez@tennistop10.com
