**MONTHLY REPORT**  
**TOP 30 OF THE GENERAL PERFORMANCE RANKING<sup>®</sup>**  
**(GPI Ranking<sup>®</sup>)**  
**2019 SEASON, MAY**

**General Performance Index<sup>®</sup>**  
(**GPI: General Performance Index**): *"It is an index that measures the performance that a tennis player has had in a given period of time."* This index, not shown here, is used to make the "**General Performance Ranking<sup>®</sup>** or **GPI Ranking<sup>®</sup>**".

The following tournaments, corresponding to the month of May, have been included for the determination of the **Top 30** of the **General Performance Ranking<sup>®</sup>**:

- **Mutua Madrid Open** – Premier Mandatory.
- **Internazionali BNL d'Italia** – Premier 5.
- **Nürnberger Versicherungs Cup** – International.
- **Internationaux de Strasbourg** – International.
- **Roland Garros** – Grand Slam.

The **WTA Ranking** of the players is up to Monday June 10<sup>th</sup>, 2019.

We will begin analyzing table 1, where the performance of the **Top 30** of the **GPI Ranking<sup>®</sup>** is exposed in the 5 above mentioned

tournaments that started in the month of May.

Of the 147 players, who participated in these 5 tournaments and who make up the total that has been considered for the statistics calculations, only are exposed the 30 ones with best performance in the aforementioned tournaments.

We emphasize, the podium conformed by **Johanna Konta** (GBR), **Ashleigh Barty** (AUS) and **Marketa Vondrousova** (CZE) in positions 1, 2 and 3 of **GPI Ranking<sup>®</sup>**, respectively.

Other outstanding players in the **TOP 10** of the **GPI Ranking<sup>®</sup>** are: **Sloane Stephens** (USA), **Kiki Bertens** (NED), **Yulia Putintseva** (KAZ), **Simona Halep** (ROU), **Belinda Bencic** (SUI), **Katerina Siniakova** (CZE) y **Karolina Pliskova** (CZE). Please, see table 2.

**Johana Konta** from Great Britain, was the best performing player in May, escorted by the Australian **Ashley Barty**, champion of Roland Garros, and the young Czech **Marketa Vondrousova**, who has an interesting

<sup>2</sup> National Tennis Coach (Argentine Tennis Association), Bachelor of Business Administration, Certified Public Accountant, Post grades of Finance Management and Capital Markets, Master of Business Administration (IAE Business School, Austral University, Buenos Aires, Argentina).

future, given his youth, potential and recent results.

In the **Top 30** of the **GPI Ranking**® there are only 8 **Top 10** players in the **WTA Ranking**, the two absentees are: **Angelique Kerber**, and **Elina Svitolina**. **Kerber**, during May, participated in only two tournaments, in the **Mutua Madrid Open** where she did not presented in the second round when she had to face the Croatian **Petra Martic** and in **Roland Garros** losing in the first round 4-6, 2-6 against the Russian **Anastasia Potapova**, No. 81 of the **WTA Ranking**. On the other hand, the Ukrainian **Elina Svitolina**, participated in the **Mutua Madrid Open** (Premier Mandatory) and the **Internazionali BNL d'Italia** (premier 5), where she lost in both tournaments in the first round. At **Roland Garros**, **Svitolina** reached 3rd. round by a walk over due to the desertion of the Ukrainian **Kateryna Kozlova** (2nd round), to fall afterwards defeated 3-6, 3-6 by the Spanish **Garbiñe Muguruza**.

As in the case of the men, the players belonging to the **Top 10** of the **WTA Ranking**, did not play the two WTA International tournaments (Equivalent to the ATP 250 in men) prior to **Roland Garros**, except the belarus **Aryna Sabalenka**, who supposedly tried to recover lost ground of the WTA Premiers (in both reached only 1st round. See table 1) to reach semifinals at the **Internationaux de Strasbourg**. **Sabalenka**, would fall defeated by 4-6, 2-6 in 2nd. round of **Roland Garros** by the young American **Amanda Anisimova** of **Ranking WTA 51**, at the time of that match. Afterwards, the young player rose to 26th place in the **WTA Ranking**.

Next, the tables of the **Top 30** of the **GPI Ranking**® are shown in each aspect analyzed. In general, the players who have obtained the best performances are the ones who lead the tables.
