MONTHLY REPORT

TOP 30 OF THE GENERAL PERFORMANCE RANKING[©] (GPI Ranking[©])

2019 SEASON, SEPTEMBER

General Performance Index[©]

(GPI: General Performance Index): *"It is an index that measures the performance that a tennis player has had in a given period of time."* This index, not shown here, is used to make the "General Performance Ranking[©] or GPI Ranking[©]".

The following tournaments, which correspond to the month of September, have been included for the determination of the **Top 30** of the **General Performance Ranking[©]**:

- **Copa Davis** – Group I y II (hard and clay).
- **St. Petersburg Open** – ATP 250 (hard).
- **Moselle Open** – ATP 250 (hard).
- **Laver Cup** – (hard).
- **Chengdu Open** – ATP 250 (hard).
- **Huajin Securities Zhuhai Championships** – ATP 250 (hard).
- **China Open** – ATP 500 (hard).
- **Rakuten Japan Open Tennis Championships** – ATP 500 (hard)
- **Laver Cup** - (hard).

The **ATP Ranking** of the players, which has been considered for this report, is on October 7th, 2019.

The 192 players who have participated in those 9 tournaments and who compound the statistic sample that has been considered for the statistical calculations, we reiterate, only the 30 with the best performance are exposed in this report.

We highlight the September podium formed by **Dominic Thiem** (AUT), **Joao Sousa** (POR) and **Egor Gerasimov** (BLR), in positions 1, 2 and 3 of the **GPI Ranking[©]**, respectively.

Other prominent players in the **TOP 10** of the **GPI Ranking[©]** are: **Pablo Carreno Busta** (ESP), **Lloyd Harris** (RSA), **Adrian Panarino** (FRA), **Stefanos Tsitsipas** (GRE), **Aljaz Bedene** (SLO), **Alex De Minaur** (AUS) and **Denis Shapovalov** (CAN).

Apparently, during the month of September, the **Top 10** players of the **ATP Ranking** took a break in the demanding 2019 season. The only two **Top 10** of the **ATP Ranking** in the **Top 10** of the **GPI Ranking[©]** are **Dominic Thiem** and **Stefanos Tsitsipas** (table 2). This gives us the guideline that it is very difficult to maintain excellent performance throughout the season. Players must recover and regulate their energies to face the last stage of the season.

¹ Report elaboration based on data from official Websites:

www.DavisCup.com

www.ATPtour.com

www.LaverCup.com

² National Tennis Coach (Argentine Tennis Association), Bachelor of Business Administration, Certified Public Accountant, Post grades of Finance Management and Capital Markets, Master of Business Administration (IAE Business School, Austral University, Buenos Aires, Argentina).

Next, the tables with their respective performance rankings or **GPI Ranking**[®] are exposed as is usual, in each analyzed aspect of the 30 players that achieved the highest performances during the analysis period.

Remember, each table presented here has its own **GPI Ranking**[®], and the combination of all tables results in Table 1, which is the result of all the tables presented in this report.

TABLE 1
GENERAL PERFORMANCE RANKING[®] → GPI Ranking[®]
