The **WTA Ranking** that has been taken for this report is on October 7th, 2019.

The rest of the players are shown in table 1, standing out in the **Top 10** of the **GPI Ranking**®, **Ashleigh Barty** (AUS), **Kiki Bertens** (NED), **Karolina Pliskova** (CZE), **Elena Rybakina** (KAZ), **Alison Van Uytvanck** (BEL), **Magda Linette** (POL) and **Alison Riske** (USA).

As we mentioned, in the monthly delivery report No. 96 of the month of September, the young American **Sofia Kenin** has consolidated this great performance in this third quarterly of the season occupying the No. 1 position of the **GPI Ranking**®. Escorted by Elina Svitolina and Naomi Osaka, who have also had an amazing performance this quarterly.

We can observe that, practically all the tables (except the tables 2 and 3, that are not sorted

by performance). **Kenin** and **Svitolina** lead them masterfully. The work of their teams (coaches, therapists, etc.) and the own desire to be better athletes is the fuel that these young tennis players have to stand out among the best tennis players in the world. It's nice to see how young tennis players insist on improving tournament after tournament. The great challenge is the regularity over time that they must achieve without suffering wear and injuries.

Other players to highlight are **Elise Mertens** (BEL) and **Kiki Bertens** (NED) with regard their performance this quarterly. They appear in several tables accompanying **Sofia Kenin** and **Elina Svitolina**.

Next, the tables are presented where they appear the performance in the different aspects, services, returns, break points, etc. of this quarterly. Starting with table 1, which synthesizes all aspects of the following tables and presents the **Top 50** of the **GPI Ranking**®. Also, I have made an annex with tiebreaks, aces and double faults.
